- ⑯ Two tier multi-media shelf with 4.5mm clear acrylic front: 1.2mm steel.

# SPECIFICATIONS

**EASY ASSEMBLY**  
RF shelving simply locks together without the need for special tools. No nuts and bolts are required in the framework construction.

**ADJUSTABILITY**  
Large adjustable feet allow leveling to be achieved quickly and efficiently.

**BOOK CARE**  
Superior rounded shelf supports ensure the reduction of damage to books. Special lugs remove the danger of shelves tipping.

**SHELF RELOCATION**  
Change shelf positions with ease in just a few minutes. Shelves can even be relocated without the removal of books.
