STRAIGHT DESKS - 80cm WIDTH

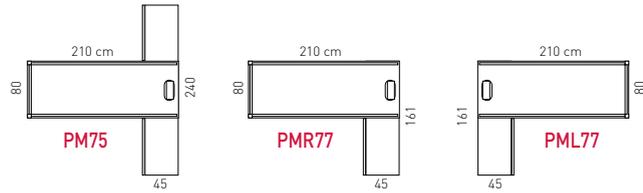

AUXILIARY DESKS AND RETURNS

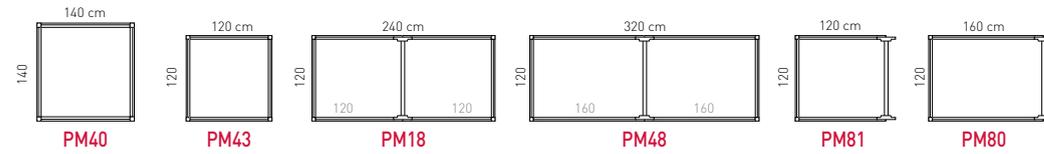

STRAIGHT DESKS - 100cm WIDTH

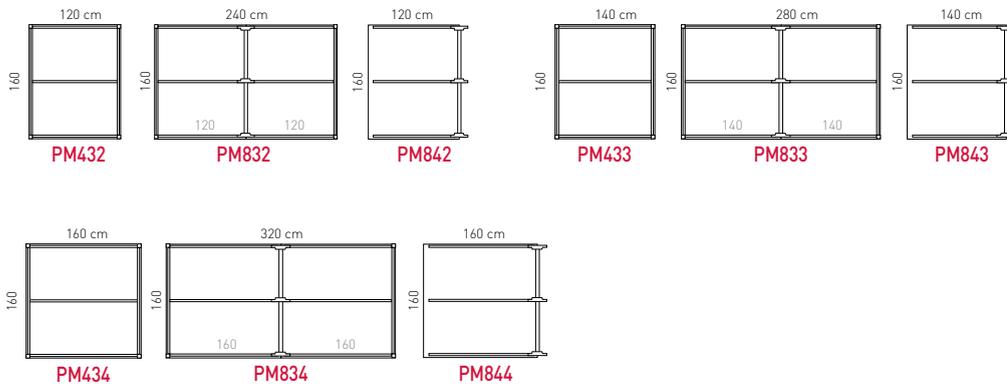

DESKS WITH CREDENZA SUPPORT

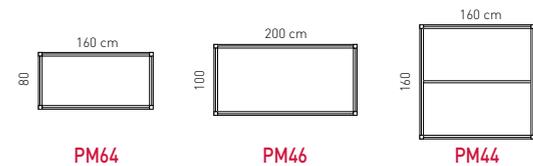

STRAIGHT DESKS - 120/140cm WIDTH

DOUBLE DESKS AND MIDDLE EXTENSIONS - 160cm WIDTH

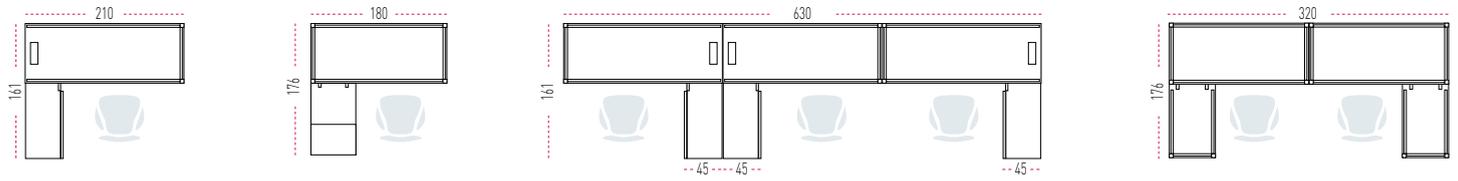

MEETING DESKS - 100 cm HEIGHT

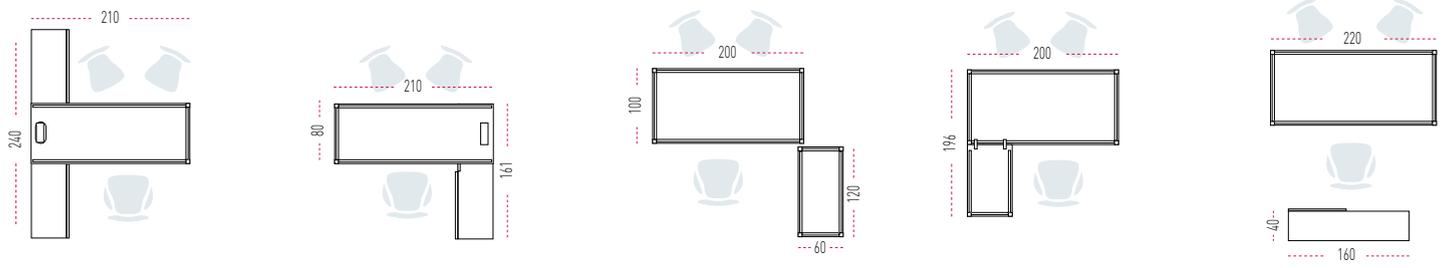

PRISMA STORAGES

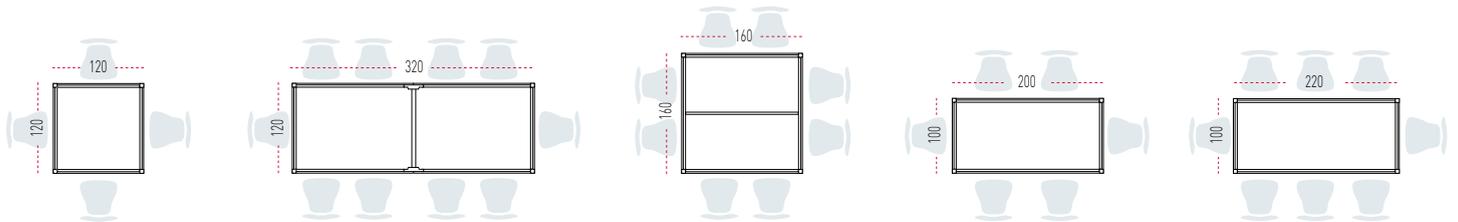

Use with individual operative desks

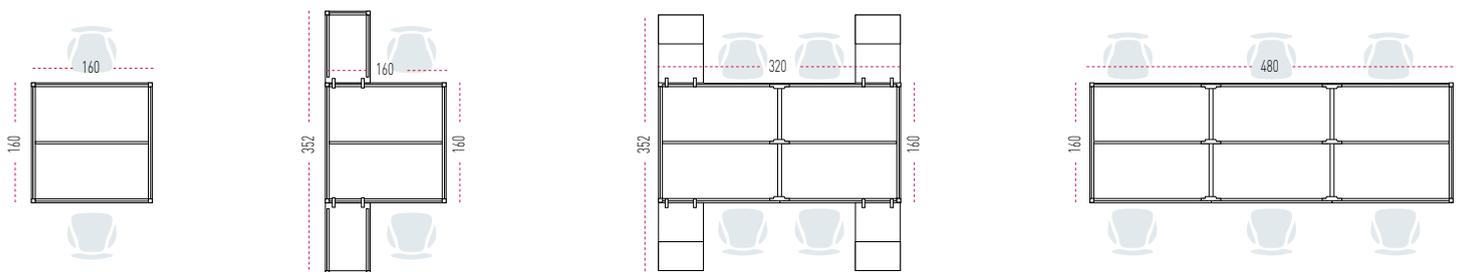

Use with management desks

Use with meeting desks

Use with twin, four workstations and middle extension desks

- ① Table surface made out of Melamine with a 5 cm plastic edge.
- ② 5x5 cm metal legs with an easy-joining system. Metal internal structure made out of 3x3 cm steel piping.
- ③ Leveler has an anti-skid pad made of PP.
- ④ Height adjustable cable channel in twin desks. Holded it underneath worktop.
- ⑤ Upholstered desk-mounted screens with sound-proofing materials fixed to the table work-top. Available in "T", "M", "D", "A" and "R" fabric ranges.
- ⑥ Recessed leg, covered by metal cable riser.
- ⑦ "T"-type Push Latch cable access.

■ TOP

Table tops manufactured from 19 mm chipboard and the lower structure from steel. Desk thickness 50 mm manufactured with a 19 mm perimeter mould with a rounded edge 2 mm thick, highly durable and recyclable.

Structure of leg **section 50 x 50 mm** manufactured from a hot rolled steel profile and 1,5 mm thick edging, finished with epoxy paint in **white, black, aluminized RAL 9006, imitation wood and chrome.**

**Structure of surface from section 30 x 30 mm** manufactured from a hot rolled steel profile and 2 mm thick edging, finished in **black and white.**

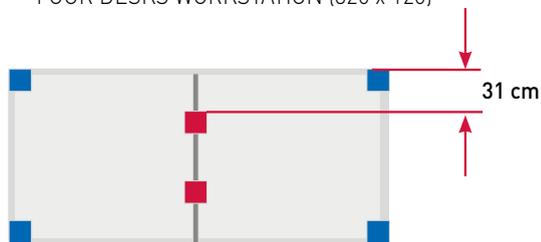

■ RECESSED LEGS

Straight desks width of 160 and 120 cm with progression and recessed central legs placed at the edge of the desk to carry out operative configurations, including four or more work positions or meeting tables, facilitating mobility. Recessed legs 41 cm on desks of 160 cm and 31 cm on desks of 120 cm

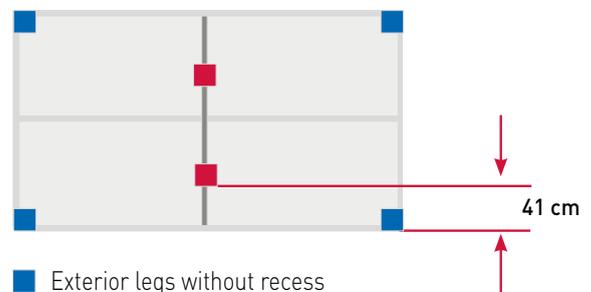

FOUR DESKS WORKSTATION (320 x 120)

- Exterior legs without recess
- Intermediate legs with recess

FOUR DESKS WORKSTATION (320 x 160)

- Exterior legs without recess
- Intermediate legs with recess

■ SUPPORTS

The legs provide with:  
 • A leveller injected with PP and with anti slip soles.

Levellers  
 Total height: 74 cm.

Lime Oak Structure

White Structure

Black Structure

Chesnut Structure

Light Oak Structure

Dark Oak Structure

Chromed Structure

■ **DESK RETURNS**

- MFC credenza unit available in different finishes.
- Soft closing system sliding doors with an extruded aluminium profile.
- Unit available in two sizes: 160 cm and 240cm length, 45 cm width and 69 cm height.
- Height adjustable shelf.
- Integrated cable management.
- Metal legs with injected PP plastic and an anti-skid pad.

■ **DESK RETURNS**

Prisma has its own return system to create more functional spaces. The returns are fixed to the desk to give strength and provide an operative solution.

Return supported on a desk-height pedestal. It is available in two options: two drawers and one file drawer or 4 drawers. It includes lock.

■ **STRUCTURAL DIVIDERS**

Prisma has its own screen System which is fixed to the desk worktop, providing great stability and an aesthetic appearance. Totally upholstered, with an aluminium profile or 3rd level tool rail, sound proof, glass, polystyrene or methacrylate, the new screens offer a number of possibilities.

■ **ELECTRIFICATION CHANNELS**

An integrated electrification system that allows effective management of wiring and facilitates the installation. It has a large sheet steel tray, underneath the worktop.

Steel metal channel 1 mm thick, lower than the large capacity for double desks. Two models:

- Fixed height
- Height adjustment (three positions)

Steel metal channel 0,7 mm thick for individual desk.

■ **OPTIONAL ACCESSORIES**

Prisma accessories are fixed underneath the worktop. Prisma comes with modesty panels, CPU holders, screens...

CPU holder of 25-30 x 49 cm and sheet steel 1,5 mm thick

Modesty panel

**MATERIALS**

Maximum use of materials to eliminate and minimize scraps. Use of recyclable and recycled materials in those components that do not affect the functionality and durability.

**HIGH%**  
RECYCLED  
MATERIALS

**PRODUCTION**

Maximum optimization of energy use. Minimal environmental impact. Last generation technological systems. Zero discharge of wastewater. No VOC coatings. Processes free of heavy metals, phosphates, OC and COD.

**100%**  
RECYCLABLE  
ALUMINIUM, STEEL  
& WOOD

**TRANSPORT**

Detachable systems. Volumes that facilitate the optimization of space. Maximum reduction of energy consumption by transport.

**100%**  
RECYCLABLE  
PACKAGE AND THINNER  
FREE

**USE**

Quality and warranty. Long lasting. Replacements available.

**EASY**  
TO CLEAN  
AND MAINTAIN

**DISPOSAL**

Waste reduction. Supplier-manufacturer packaging reuse system. Components are easy to be separated. Inks in packaging are water-based, without solvents.

**HIGH%**  
RECYCLABLE  
MATERIALS

■ **CERTIFICATES AND REFERENCES**

The different programmes get points in different environmental categories to get the LEED certificate (sustainability, material and resources, water, energy and atmosphere, inner environment quality, innovation and design).

■ **STANDARDS**

PRISMA has passed tests done in our technical department as well as the tests done in **AIDIMA** the Technological Institute for furniture. The tests correspond to UNE standards and office desks:

- **UNE: EN 527-1:2011.** Office Furniture. Desks. **Part 1:** Dimensions.
- **UNE: EN 527-2:2017.** Office Furniture. Desks. **Part 2:** Requirements for safety, resistance and durability.
- **UNE: EN 15372:17.** Office Furniture. Strength, durability and safety. Requirements for domestic use desks.
- Office Furniture. Desks.
- **UNE: EN 1730:13.** Furniture. Tables. Test methods for the determination of stability, strength and durability.
